Dear Nancy,

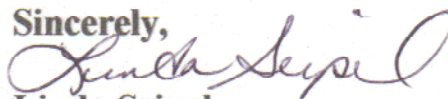

Thank you again for the great evening. It's nice to have fun at a business meeting and walk away with good ideas. Everyone I spoke to appreciated your enthusiasm and knowledge of what to do under stress.

I personally have used the breathing techniques at work and they have helped. Being the office manager, the Winnie-the-Pooh personality traits have helped me understand a few of my fellow employees.

I'm looking forward to wearing the red nose when I drive to the city for a board meeting next week. It's fun to make people feel good, and that's what you did for us.

You're a great speaker, and I pray God continues to bless you in all that you do.

Sincerely,

Linda Seipel
